

AYR GOLD CUP MEETING: TRAINER POINTERS

This Ayr meeting isn't in the Festival tab within HorseRaceBase which makes research a bit more tricky. However I think I have narrowed it down to these three days from 2013/14/15.

Let's just have a look at those trainers with 4 or more winners, again searching for any 'positive' pointers. This approach seemed to work quite well at Doncaster.

So, we have...
